

Tension fabric systems are the next generation in large format graphic displays. These light weight systems are highly portable and easy to set up, offering maximum impact with minimal fuss!

**HOPUP
PORTABLE DISPLAY**

The HopUp has a light weight, heavy duty frame that can suspend a fabric graphic mural. It sets up in seconds and can be packed away just as quickly! Available in many convenient sizes.
6' wide tabletop system : HOP-2x2-S
8' wide system: HOP-3x3-S
10' wide system: HOP-4x3-S

The durable fabric graphic image stays attached to the aluminum frame for fast and efficient use.

A carry bag is included with all units.

CAMPAIGN
INDOOR & OUTDOOR ROAD SHOW PROMOTIONAL COUNTER
 Quick assembly with strong, easy to clean plastic parts make the Campaign great for retail promotion. Kit comes complete with a handy carry bag, set of poles and an eye catching header.
 Order ref: CP-B1

the
COYOTE
popup

The Coyote popup display system combines strength, reliability and style. It features several unique advantages over other similar display systems— it's light weight and simple to use. Unlike complicated "snap in" channel bar and delicate locking/locating systems, the Coyote uses state of the art "Rare Earth Neo Magnets" on both its channel bars and locking/locating systems. These make it very quick and simple to erect and take down, with practically no "easy to break" parts. Full display systems are offered in a wide choice of configurations from basic tabletop kits to full 20' long displays. All Coyote's are offered as curved or straight systems, single or double sided and can be combined with either breath taking, virtually seamless graphic mural panels or versatile "Velcro friendly" fabric panels.

With the Coyote popup, spectacular graphic mural panels are simple to install.

Magnetic channel bars simply snap into place in moments to form a rigid structure for your fabric or graphic mural panels.

The OCP molded popup case can be converted to an attractive & useful counter. With a fabric or graphic wrap kit: C2C (kit sold separately, call for details)

EXPANDING DISPLAY SYSTEMS: COYOTE POPUPS

Coyote Mini displays, approximately 20% smaller than the standard Coyote tabletops, are quick and easy to set up with a few simple steps & provide a great option for smaller tabletop presentation. The complete display rolls up into a special storage sleeve, which is then placed into a sleek, padded carrying case.

the **COYOTE** MINI *popup*

COYOTE INTERNAL SHELF KIT

Our professionally finished internal shelf kit offers you the option of presenting products or marketing literature directly from the front face of your Coyote popup display. The shelf kit assembles in minutes and comes complete with two clear acrylic shelves, which can be used either horizontally or at 45 degree angles. (Only available for use with a 'curved' Coyote popup display. Shelf kit does not fit into OCP oval molded popup case).

COYOTE

BUBBLE PANEL OPTION

Add a new dimension to your Coyote Popup display system with a forward facing, convex bubble panel. Panel can be fabric, OPAQUE graphic or even a rear illuminated graphic. (Lighting kits for rear illuminated bubble panel, sold separately) Panel and hardware can be stored with display in conventional OCP oval molded popup case.

OPTIONAL LIGHTING

The Lumina 200 and Lumina 7 offer a good, all around solution for illuminating your Coyote or Spyder popup exhibit.

the Spyder POPUP DISPLAY SYSTEM

SPYDER POPUP DISPLAY SYSTEM

The Spyder is quite possibly one of the most advanced popup display systems on the market! It offers the very best in display technology and state of the art materials—featuring fully magnetic locking arms, panel hangers and channel bars. It's extremely fast to assemble—the internal 'web' cross bracing provides additional strength and rigidity for a nearly unbeatable finished appearance.

Only available as 3X3 and 4X3 curved exhibit kits with fabric panels, as shown below, or as full graphic mural kits as shown at left.

3X3 kit with fabric panels

4X3 kit with fabric panels

The Spyder offers extremely fast assembly with a strong, rigid frame.

Voyager

VOYAGER

BRIEFCASE DISPLAY SYSTEM

The Voyager has been specially developed as a briefcase style table top display and is a great choice for promotions on the go. It has a rigid, thermo formed ABS exterior and a black, Velcro compatible fabric interior. All Voyager systems have a Lifetime Warranty on parts & workmanship. All graphics remain on the Voyager during transport.
